How to read this checklist

- ☐ Empty box: variant exists, not yet collected. Fill in when you have it.
- Em-dash: this variant does NOT exist for this card (e.g., no reverse holo printing).
- Variant columns per set reflect only the printings that exist for that release era.

Source: [pokemontcg.io API](#) (cached 2026-05-25). Covers both Wailmer and Wailord across every English print set, including ex/EX/V/GX evolutions and tag-team forms (Magikarp & Wailord-GX).

Variant columns per set reflect the printings that actually exist for that release era.

Cosmos-holo and other reprint variants cross-referenced against [PokemonTCG_EmptyChecklist_v11.0.xlsm](#) catch-all sheets; first-pass coverage.

ERRATA & NOTABLE ODDITIES

Cards that exist outside normal collecting scope — test prints, "for position only" samples, and other curiosities surfaced by the source workbook. Not tracked with checkboxes above.

- ☐ **SM Black Star Promos #SM166 — Magikarp + Wailord-GX (Jumbo)**
Oversized 'Jumbo' print of the SM166 promo card, included in the Towering Splash-GX Box. Not a standard-size playable variant; collectible only.
- ☐ **World Championship Deck 2015 #Honorstoise — Wailord-EX**
Reprint of Wailord-EX (Primal Clash #38) in the 2015 World Championships 'Honorstoise' deck (Jacob Van Wagner). Cards in this deck carry a stamp marking them as not tournament-legal.
- ☐ **Silver Tempest #38 — Wailord (Prize Pack)**
Distribution variant: the standard Silver Tempest #38 Wailord was also seeded into the Play! Pokemon Prize Pack Series 3 lineup. Same card art and number; no stamp or print difference - tracked here only because the source workbook treats it as a distinct distribution.
